- Online magazine reading includes a sidebar menu with options for full-screen viewing, keyword search, previewing all issues of the same title, previewing all of an issue's pages, zooming in and out, "turning" and printing pages, choosing how many pages you view at a time, and choosing how a page fits on your screen.
- The Flipster app offers an engaging, yet comparatively simpler viewer with a few of the sidebar's options, like full-screen view.
